

PRAY ON SUNDAY. CALL ON MONDAY.

Prayer & Action – Every Sunday & Monday in the month of June

Pennsylvania is facing one of its greatest threats to privacy rights and religious freedom. And if this threat is to be stopped, **we need God to move. We need the church and your involvement more than ever.**

If we do not stand now against this threat – proposed legislation of Governor Wolf’s Bathroom Bills: HB 1510 & SB 974 – ministries and charities may face penalty and shut down as well as the removal of privacy rights for all in the restrooms, locker rooms and showers of public places like schools, restaurants and swimming pools.

That’s why we’re launching a prayer and action initiative next month to encourage thousands of Pennsylvania families to respond.

Pray on Sunday, Call on Monday is about taking action to engage the Church in protecting religious freedom and privacy rights.

- **Pray on Sunday** – Take opportunities to address the issues surrounding religious freedom and rights to privacy with your church family. Pray for God to move in protecting our privacy rights and religious freedom. For more about the specific threat, you may visit pafamily.org/unfairness or DefendMyPrivacy.org.
- **Call on Monday** – HB1510 & SB974 are now being considered by members of the Pennsylvania State Senate and House of Representatives. Calls, emails and visits to your State Senator and State Representative are needed. Ask them to oppose HB1510 & SB974. If you do not have contact information, call the PA Family Council at 717-545-0600 and they will be happy to find it for you.

“For as the body without the spirit is dead, so faith without works is dead also.” – James 1:26

This is a much-needed opportunity to show faith in action. We challenge you to produce the kinds of fruit the book of James calls us to produce. **Please pray. Please call.**
