

PENNSYLVANIA
Family Council

Protect the Family. Preserve the Future.

Senate Bill 3 (SB3) Would align with medical advancements and public opinion by ending both late-term abortion (after 20 weeks in pregnancy) and the barbaric practice of dismemberment abortions. State Senate voted on final passage February 8, 2017. State House voted on final passage on December 12, 2017. SB3 was vetoed by Governor Tom Wolf.

Down Syndrome Protection Act (House Bill 2050, Senate Bill 1050) Would end the selective targeting of people with Down syndrome by banning an abortion solely on the basis of a diagnosis of Down syndrome. State House voted on final passage on April 16, 2018. A committee vote in the State Senate was on June 13, 2018. There were also sponsors of a Senate version of this legislation.

New members have not had an opportunity to vote on SB3 or HB2050.

PA Family Institute 2018 Voter Guide

Candidates were asked, "Should the state prohibit abortion after 20 weeks gestation?" This column is to help with new elected officials. For all others, see their vote on SB3.
