

Will you march with us in Harrisburg on May 18th?

"For you formed my inward parts; You knitted me together in my mother's womb. I praise you, for I am fearfully and wonderfully made." Psalm 139:13-14

This is abortion in Pennsylvania:

Over 30,000 abortions annually.

Over 450 abortions after 20 weeks in pregnancy.

Over 12,000 abortions (41 percent) being chemical abortions.

(Source: New report from the PA Department of Health: 2018 Abortion Statistics)

Despite this sad reality, there are signs of hope here in Pennsylvania:

Nine abortions clinics have closed in PA since 2012. That's over one-third of abortion clinics shutting their doors!

In the last ten years, abortions are down annually by over 8,000 babies! That's a nearly 22 percent drop in abortions statewide.

16 Planned Parenthood clinics, including one that performed surgical abortions on-site, have closed in the last ten years!

Right now, there are lobbyists in Harrisburg - and some elected officials - who are actively pushing for abortion without restriction, for any reason and through all nine months in pregnancy here in Pennsylvania.

Who will push back to protect life?

One way you can: **Join thousands in attending the first-ever Pennsylvania March for Life, Monday, May 18, 2020 at the PA State Capitol in Harrisburg.**
