

JAMES LOMEEO

Candidate for Gateway School Board 2021

Family Council Questionnaire

I am a student of the 9th Amendment (U.S. Constitution, Amendment IX). “The enumeration in the Constitution of certain rights shall not be construed to deny or disparage others retained by the people”. Any government policies should start here. I will answer your questions accordingly.

- 1) Any tax decrease or credit is a good idea. Some credits are better than others. Federal & State tax credits for private schools are fine.
- 2) Yes, girls’ sports should be exclusively for biological females (this is for children over 2nd grade. Joint teams under 2nd grade are fine.)
- 3) Yes, separate bathrooms for boys and girls, and accommodations for students with gender dysphoria.
- 4) Yes, students should be allowed to discuss their faith as long as along as it doesn’t interfere with classes and all conversationalist agree.
- 5) No, school personnel should not be permitted to refer students to abortion providers. The School should refer to the Parents or the Courts, respectively.
- 6) I oppose sex education classes in public schools. If there is such a class, the parents need to “opt-in”.
- 7) We can teach American history and the slavery problem without getting involved in current politics. The Declaration of Independence, or Articles of Confederation, or US Constitution formed our country, so why argue about the start date.
- 8) Curricula should focus on reading and critical-thinking. Occam’s razor is the best way forward to teach our children. Keep politics out of the school. Otherwise, the curricula will change with the flavor of the day.
