

Dear [[INITIATIVE.AUDIENCE MEMBER.FIRST NAME]],

Last week proved that evil is still alive and well in the world.

Sadly, when Massachusetts Governor Maura Healey signed legislation expanding abortion access up to 9 months of pregnancy, **cheers erupted in the room.** ([Billy Graham Evangelical Association reported this horrific scene.](#)) People celebrated (including women and mothers) as protections for unborn children were stripped away.

Cheering for death is an unthinkable awful response.

As followers of Jesus Christ, we are called to value and defend life, not celebrate its destruction.

Scripture reminds us that every human being is created in the image of God and possesses inherent dignity and worth. **“For You formed my inward parts; You knitted me together in my mother’s womb.” — Psalm 139:13**

The Church cannot remain silent when the most vulnerable among us are threatened. We are called to speak truth, protect life, care for women and families facing difficult circumstances, and point our communities toward the hope and compassion of the Gospel.

Now is your chance: will you stand with us to defend LIFE in Harrisburg?

On **Monday, September 21**, thousands will gather in Harrisburg for the [Pennsylvania March for Life](#).

Pastor, we need you and your church there!!!!

Bring your congregation. Bring your youth group. Bring families. Bring your church leadership. Let’s fill the streets of Harrisburg with Christians who are willing to stand publicly for the sanctity of human life.

Our keynote speaker will be **Former U.S. Senator Rick Santorum**, a longtime and courageous advocate for the unborn. **Pastor Matt Mylin of Worship Center** will provide opening comments and lead us in prayer. You can find our full speaker lineup by clicking [here](#), along with a list of buses and more information.

A Special Invitation for Pastors

Following the March, pastors are invited to a **FREE Pro-Life Pastor Luncheon at the State Capitol**. This lunch will allow you and other pastors and church leaders to gather together, encourage one another, hear from pro-life leaders, and consider how the Church can lead in fostering strong marriages, families, and a culture of life in Pennsylvania. [Click here to register.](#)

Let’s show our elected leaders that the Church cares about and is leading the charge to care formothers, fathers, children, families, and the God-given dignity of every human life. The world may celebrate death, but we will continue to celebrate life.

Join us on September 21 in Harrisburg. Bring your church. Stand for life.

In Christ,

Kurt Weaver
Director

P.S. Join us next week on Thursday, August 27th at noon for our webinar on cultivating a gospel-motivated, generous church. [Click here to register.](#)
