

On Tuesday, the Church Ambassador Network was honored to welcome pastors and ministry leaders from the PennDel Ministry Network of the Assemblies of God to Harrisburg for a special day of encouragement, prayer, and ministry!

Throughout the day, pastors connected with and ministered to several Pennsylvania state representatives and senators, building relationships, offering prayer and encouragement, and sharing Scripture. Our team demonstrated the important role the Church can play in engaging our elected leaders with grace and truth, and offering a biblical worldview on the issues impacting our Commonwealth.

We are profoundly grateful to the wonderful pastors from PennDel who invested time in this important work with our elected leaders, bringing the light of Christ to the State Capitol.

As Election Day approaches, we continue to encourage pastors and churches across Pennsylvania to [download and utilize our Choose Well Election Toolkit](#). The toolkit helps churches **encourage biblical citizenship** and **equip congregations to participate prayerfully and responsibly in the electoral process**.

Printed voter guides are also available for churches to order and distribute. These resources can help your congregation become informed and prepared before heading to the polls.

Biblical Worldview Workshop

In today's post-Christian culture, believers are increasingly called to think and act biblically about issues that have a significant impact on our society. While Scripture provides clear principles to guide us, too few Christians consistently apply a biblical worldview to how they think about and engage with these issues. That's why we're excited to host a **Worldview Workshop** featuring two of our favorite Christian worldview speakers: **Dr. David Closson**, Director of the Center for Biblical Worldview, and **Joseph Backholm**, Senior Fellow.

Our desire is to provide resources and sound biblical teaching to help Christians engage our culture with a solid biblical foundation on society's most controversial topics.
